

BNOS Neuro-oncology Subspecialty Meeting

Tuesday 24th September

Edgbaston Cricket Stadium, Birmingham

Please join us to find out about new developments and learn about the experiences of experts in this area of neurosurgery.

The Oncology theme will continue Wednesday morning, 25 September, as it will be the specialty topic for the Lifelong Learning Session prior to the start of the main SBNS Meeting.

Registration for the sub-speciality meeting on Tuesday is separate to the main SBNS Meeting. It is FREE, but you must preregister if you wish to attend.

Scan or click the QR Code to register!

Contact Liz@bnos.org.uk with any queries.
